

Take my breath away

**First time I laid eyes on you
You had to be the one
I haven't been myself since then
But you have known what you have done**

**Did you ever notice me
Watching every move you made?**

**Who are you?
Take my breath away
There's nothing I can say
Though I'll never be the same
You're changing me alive**

**If you gave me half a chance
I'd give you all I got
Did you ever notice me
Watching every move you made?**

**Ooh
take my breath away
Ooh
there's nothing I can say
Take my breath away
There's nothing I can say**

**Who are you?
Take my breath away
There's nothing I can say**

**Take my breath away
Take my breath away**
